The biggest choice of LPG tanks

LPG Tanks
On special request

On special request we can also offer other types of LPG tanks - not included in this Catalog - in accordance to given conditions:

- based on diameter and height indicated in standard offer:
 - adjusted to various types of fitting (separate valves, multivalves, LPG pump);
 - configuration of tank equipment (valves) according to customer needs (internal, external) from 0° to 360°;
 - individual tank fitting (location of fitting points);
- based on HIT tank construction or MoreMo tank construction;
- according to provided documentation.

LPG tank for large MVA equipment with LPG pump

Toroidal LPG tanks - MoreMo model "STAND" type with 4-hole equipment (EQP)

No	Code	Item	Diameter D (mm)	Width W (mm)	Capacity V (dm ³)
